

CURRICULA AND TEXT BOOKS:

The restructured curriculum is being followed from the academic year 2000-2001 for all 45 Vocational Courses. The curricula has been printed and supplied to all institutions where the Vocational Courses are functioning. They are printed in separate volumes for i. Compulsory subjects i.e. Communicative Skills in English and General Foundation Course ii. Health & Para Medical Courses iii. Business & Commerce Courses iv. Engineering & Technology Courses v. Humanities vi. Home Science vii. Agriculture Courses. These syllabus books can be had from DVEO offices and from Board of Intermediate Education on payment of nominal cost.

VOCATIONAL TEXT BOOKS:

Since the curricula for all Vocational Courses are developed both for theory and practicals, suitable textbooks are being prepared through SIVE. The authors and editors are identified, and engaged for writing the textbooks. The textbooks have been handed over to the Telugu Academy for printing and 54 books have been published and released in to the market. The remaining books are in the pipeline. Preparation of the text books for the second year are already under way and are supposed to be ready within short time.
